## LOOKS GOOD AT BRUNSWICK

Continued good word comes in from Brunswick Canyon where the recent gold strike was made. As says, as they are made, all go to show that the owners of the strike have based their confidence on values, to say the least.

The work of development, while not being prosecuted with the vigor that outsiders desire, is going along in a steady fashion and the gold-bearing vein continues to carry the gold values. A number of Carson people have visited that section and in each event have returned satisfied that it is the best find made in this section in its history. Pannings are being made in every quarter of the town, and in each instance there is a nice string of gold.

Others who took up ground in the section are beginning to come in with colors. Some very rich float has been found this side of the strike and parties are out hoping to trace it to its origin. The finding of gold rock in the district has awakened a lot of interest, and there are more prospectors in the field this spring than for years. Every mining man who has visited the district comes back satisfied that there is a chance for a good camp and a highly mineralized district. For once it seems that Carson has started off right and there is a chance for some real mining near at home.—Carson Appeal.

## SAD TALE ALL THE WAY FROM LOVELOCK.

Concurrent with the news of the continued rise in the river above Lovelock comes information of another rise that strikes terror to the hearts of the people who depend upon the fluid that made Milwaukee famous to keep them cool while they watch their alfalfa growing.

At a meeting held in the Orpheum theater last Wednesday afternoon, at which were present all of the drink dispensers of Lovelock, it was agreed that from and after 7 o'clock on the morning of Saturday, May 1, 1912, the price of beer shall not be less than 10 cents whether one buys a "schnitz" or a schooner.

The days of one-cent and five-cent beer are over and after tomorrow morning the man whose coppers are boiling will have to pungle up a piece of silver before he can procure a draught of the cooling fluid. Remember the date and get your last cheap beer tonight.—Review Miner.

## NEVADA EQUAL FRANCHISE NEWS

The women students of the Nevada State University have organized a chapter of the College Equal Suffrage League, a national organization, and through this organization with graduate members scattered throughout the state, they expect to take an active part in the campaign for equal suffrage in Nevada.

Under the auspices of the Nevada Equal Suffrage Franchise Society, Senator X. V. Morehouse of Goldfield made a powerful argument for equal suffrage in the Y. M. C. A. hall in Reno on May 7. President Stubbs and Miss Martin also spoke and a large collection and many new names and pledges of money were taken for the coming campaign.

The ladies of Nye county have just organized a county branch of the Nevada Equal Franchise Society, with Mrs. P. E. Keeler as president, Mrs. Glenn Adams as secretary, and Mrs. Hugh H. Brown as county press chairman. Six counties are now organized—Washoe, Ormsby, Storey, Lyon, Eureka and Nye, with others on the way.

The great Woman Suffrage parade which took place in New York on May 4, will go down in history as one of the most representative and democratic demonstrations this every class and occupation—multicountry has ever known. Thousands upon thousands of women of millionaires, college professors, doctors, lawyers, authors, artists, nurses, stenographers, dressmakers, cooks, laundresses—marched shoulder to shoulder, united by their common cause, with a dignity and seriousness of purpose born of profound faith in a great principle. At the close of the parade a mass meeting was held in Carnegie hall, at which \$2,500 was collected.

Georgia is among the southern states which are developing a strong sentiment in favor of votes for women. Miss Alice Ormond, a beautiful young writer of Atlanta, who has made a notable success in New York, is one of the leaders of the movement in the south.

Wisconsin has a splendidly equipped Men's League for Woman Suffrage, the personnel of which will have great influence on the

Well nourished soldiers fight best, and well nourished people always do the best work. Keep your stomach in good order with Vinol, our delicious cod liver and iron remedy without oil, and you will be strong.

Mrs. G. H. Mackins of New York City says "For weeks last spring I had no appetite and poor digestion. I knew my stomach would fail if I did not build myself up so I took Vinol, as recommended by a friend.

"Vinol restored my appetite and strengthened my digestion so that I now eat heartily and enjoy my food. It has done me 'heaps' of good."

present campaign. "Kansas has several Men's Leagues in various parts of the state, with others in process of formation. The Men's League for Woman Suffrage in Ohio are composed of the leading men of the state, many of whom are taking active part in the campaign. Michigan was one of the first states in which a Men's League was formed. New Hampshire has one of the largest in the United States, and the one recently organized at Dartmouth College is co-operating with the state campaign committee in an effort to secure the submission of the amendment to the electors. Ten men of Oregon will hold a convention during the summer for the purpose of furthering the cause of woman suffrage in that state and carrying the amendment in November.

The Men's Equal Suffrage League of New York, which formed a conspicuous part of the recent suffrage parade, numbers among its members some of the most prominent men of the state, including politicians, lawyers, college professors, philanthropists, clergymen, editors and financiers.

At the recent city election in Copenhagen, Denmark, nine women were elected to fill municipal offices. It is said that never before have the women of Denmark shown such lively interest in elections, and that their methods were "characterized by clearness, calmness and balance of mind."

On April 14 women voted for the first time in Belgium, when they were eligible for the Prudhommes Councils. Women went in large numbers to the polls and voted solidly for candidates who advocated equal rights for men and women.

A petition for universal suffrage, signed by thousands of men and women, was presented to the chamber of states-general of Holland last month.

In Poland the League for Women's Rights has established an assistance committee for degenerates and abnormal children. The league has warmly taken up the defense of these outcast children and is advocating state reformatories for young culprits.

## PLANNING FOR BIG AUTOMOBILE ROAD CONTEST

LOS ANGELES, May 17.—Motor enthusiasts are working today on plans for what they declare will be the greatest automobile road race ever held west of the Rockies. They plan prizes aggregating \$50,000 for the event, which is to be held in Los Angeles on Thanksgiving Day next. Eddie Maier, president of the Vernon baseball club, and Dr. Edwin Jones are said to be ready to guarantee the affair.

## QUINCY WOMAN AND CHILDREN RUN DOWN.

QUINCY, Cal., May 1.—Mrs. Robert Taylor and her twin sons, 8 years old, were run down on a Western Pacific railway trestle near here early yesterday. The woman was killed and one boy fatally injured. The other boy saved himself by hanging to the end of a tie.

"Jones caught the hay fever from dancing with a grass widow."

"Have you received last month's gas bill, dear?"

"Yes, husband."

"Well, what's the charge of the light brigade?"

She—I had a \$5 bill in this dictionary yesterday and I can't find it anywhere.

He—Did you look among the Vs, dear?
